

Vanilla CLEAN LABEL HIGH-PROTEIN SHAKE

IdaPlus® 1090 provides our highest protein level of additional functionality, combining value of high protein with improved texture, consistency, flavor, clean label, caseinate replacement, and extended shelf-life.

High-protein ready-to-drink (RTD) products are ideal to fuel today's energetic, busy consumer. Our IdaPlus® 1090 supplies all nine essential amino acids and provides your RTD ultra-smoothness and a high dose of quality protein.

IdaPlus® 1090 possesses significantly greater solubility than standard MPCs/MPIs, leading to faster dispersion and hydration, even at colder processing temperatures. This results in smoother, less grainy mouthfeel and less chalkiness. Beverages experience improved viscosity, including maintaining low viscosity over shelf life and higher heat stability, reducing the occurrence of gelling.

Nutrition Facts

Vanilla High-Protein Shake

Serving Size: 1 carton (338 g)

Amount Per Serving

Calories	160
Total Fat	3 grams
Cholesterol	20 mg
